Transform Your Cash Handling

The CashComplete™ SDS-35 Smart Deposit Solution improves accuracy, cash visibility and shrinkage protection for a complete transformation of your cash management. Monitor your cash levels, validate bills to prevent acceptance of counterfeits, and simplify the verification process to securely store notes protecting you and your employees. The SDS-35 is the ideal solution for businesses where cash volume, security and handling takes up a significant amount of staff and time.
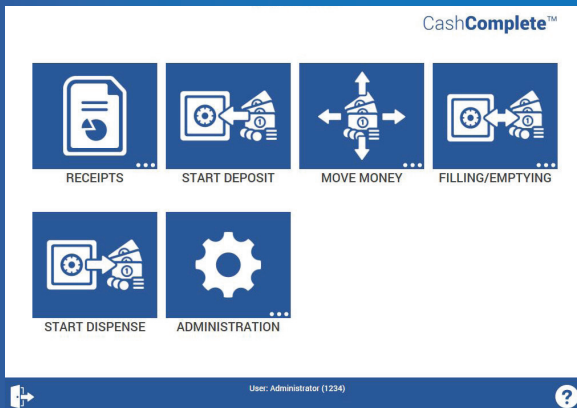

Reduce Shrinkage and Touchpoints

Shrinkage is the loss of cash due to hazards such as theft, accounting errors, and accepting counterfeit notes. These hazards can occur at each touchpoint within your cash cycle, greatly increasing the chance of shrinkage. Integrating the CashComplete™ SDS-35 at the point of sale will streamline your cash handling process by eliminating unnecessary touchpoints and immediately securing your cash.

▶ Increase Accountability
Monitor deposits and pickups with unique user logins

▶ Automate Processing
Prevent counting errors of your cash inventory

▶ Prevent Counterfeits
Instantly validate with SUZOHAPP's MFL Bill validator, with 4-way read validation proven to protect against counterfeit notes being introduced into your capital

Easy-to-Use Operator Interface

The SDS-35 includes the industry leading CashComplete™ On-Device cash management operating system.
